# BECOME A PARTNER WITH CENTRESTAGE THEATRE

## SHOWING THE WORLD OUR BEST

---

Partnering with CentreStage is beneficial in many ways. It not only promotes your business but provides support for local live theatre. It also allows the theatre to provide workshops and drama camps for youth throughout the year.

### Background:

CentreStage Theatre is a year-round community, volunteer-based theatre, that has been thriving since 1984. We provide an opportunity for people to come together to share their love of theatre. Over the years, we have produced close to 300 plays and musicals involving countless local actors and technicians.

CentreStage Theatre is a vital part of Kings County. Each year, CentreStage brings in through its doors over 10,000 people. The yearly economic impact (restaurants, gas, accommodation, etc.) is approximately \$700,000. CentreStage Theatre has a strong reputation, is able to maintain itself, and would be a worthwhile place to invest your promotional dollars.

CentreStage Theatre offers great exposure. There are eight Main Stage productions a year, each running for six weeks (12-14 performances) and two family shows that run concurrently with the main shows for three weeks each (6 performances). With attendance at approximately 75% of capacity per show, audiences come from the Valley, the Halifax region, the South Shore, and beyond. This is a great advertising opportunity! In addition, all sponsors are mentioned in our bi-monthly e-newsletter that is sent to over 2000 key stakeholders.
